CRUISE SHIPS

Adhering to vessel schedule, all formalities are prepared in due time with Emigration, the Harbor Master, and Health Authorities as well as excursion and tour arrangements for a smooth port stay. The island of Sardinia is becoming one of the most requested destinations due to its uncontaminated environment and beautiful sights.

YACHTS

Major yachting companies have already had the pleasure of discovering our marvelous island, thanks to the support of our professional services. Annually increasing tourism has given us the opportunity to become highly specialized in yachting needs.

GAS - LPG CARRIERS

Our head office as well as our partners are well aware of the gas carrier necessities, having worked in this field for over 15 years. We manage several calls per month and landing procedures are frequently updated. Many gas and LPG owners and charters are taking advantage of our specialized services.

NAVY SHIPS

For many years we have been utilized by the Navies of England, Germany, France, Greece, the Netherlands, Norway, and Sweden, who have highly appreciated our professionalism. Services offered include bunkering, black and grey water collection, lubricants, spare provisions delivery, crew change, repairs, car rentals and excursions, etc.

The Management

Mr. Marco Argiolas, who has been working in this field for more than 30 years, has been leading Star Sardinia since its foundation.

From the company's Head Office in Sarroch, he is in constant touch with a selected group of partners and sub-agencies, and supervises the operation department's tasks, which are strictly regulated through the Quality Control system since the year 1999.

Star Sardinia is a financially stable company in continuous growth, with a fully paid-up share capital of € 100,000.

CONTAINER SHIPS

We are focused on organization and save you time by handling complex data to finalize arrival and departure necessities in order to guarantee perfect timing for all services. We also manage booking and custom formalities for you.

BULK CARGOES

All arrival and sailing formalities for discharging and loading operations are well served. Adhering to all required port regulations, as well as cargo survey and other arrangements, we satisfy both shippers' and receivers' needs.

GENERAL CARGOES

The full chain of transportation, custom cargo formalities, crane handling, loading/discharging operations, is fully organized to guarantee the maximum performance of this service.

High Quality at Competitive Rates

Our professionally skilled personnel is always ready for any necessity that may arise. In order to maintain the high degree of quality expected of our services, proper training is periodically scheduled to address the latest innovations in the fields of safety, privacy concerns, and cost effective delivery.

It is our primary aim to guarantee our clients optimised results in relation to the allowed budget. Our best efforts are thus directed toward minimizing costs while keeping a steady quality level.
We are able to satisfy this condition thanks to our deep knowledge of the local business environment, and given the long-term relationships established with our foreign partners.

The geographical context in which we operate gives us the opportunity to serve one of the biggest rafineries on the Mediterranean Sea as well as luxury tourism, in addition to the everyday port activities. The experience we have gained helps us to solve, in a short time, otherwise difficult or delicate problems.
